ABOUT BESTBATH

Bestbath is a leading manufacturer of bathing products for people of all abilities. Our products — from walk-in tubs to traditional shower inserts — are designed to be functional and beautiful now, but also to be easily modified as needs and abilities change. Bestbath works closely with architects, commercial project developers and homeowners to ensure that our designs provide them with function and value today and for years to come.

Better living begins with Bestbath.

Escape From The Ordinary

WALK-IN TUBS

A BEAUTIFUL BATHROOM FOR EVERYONE

Bestbath's Escape Series walk-in tubs have been engineered from the ground up to follow universal design principles. The result is a tub that works for anyone, no matter their age or abilities, adding comfort now and value for years to come.

Accessibility Meets Luxury

Introducing the Escape Series™ by Bestbath®, walk-in tubs that combine safety, comfort and style for all abilities

Relax. You can safely bathe in comfort again. The Escape Series helps you enjoy the advantages of soothing hydrotherapy in your own home, with advanced safety and convenience features designed by the leader in accessibility and universal design: Bestbath.

- Rehabilitate or just simply unwind in the comfort of your home
- Grab bars help you feel safe and secure while bathing
- Installs quickly and affordably
- Advanced easy-to-operate technology
- Worry-free 30 year limited lifetime warranty against factory defects, including the door seal
- Appealing design blends form and function

A Fill Faucet

Fill the tub in minutes with the fastest fill rate in the industry. 1/2" or optional 3/4".

B Air Switches*

Control jets with easy-to-reach and operate buttons that are reliable and durable.

C Comfort-Width Door

Safe and easy entry — plus intelligently designed hinges to make cleaning a breeze.

D Universal Control Unit*

Easy access to state-of-the-art technology that controls all electronics with a single circuit for faster and simpler installation.

E Super Low-Entry

Reduce trips and slips even for those with limited mobility.

F Quick Drain Technology

Efficient draining means less waiting, with some of the fastest gravity drains available.

G No-Slip Surfaces

Enter, exit and relax in comfort and with confidence.

H Seat Warmer*

Heated seat provides comfort and warmth while filling and draining.

I Optional Ozonator

Keeps water healthy and clean.

**Not available on soaker.*

**BESTBATH PRODUCTS ARE
MADE IN THE USA**

and come with a 30-year limited warranty so you can relax knowing you're covered now and in the future.

Whether rehabilitating at home or simply seeking an extended soak in a spa-like environment, there's an Escape Series walk-in tub for you.

SOAKER

Rejuvenate in a soothing Escape Series soaker. You'll enjoy many of the benefits of a warm bath, but without the need to run electrical service to the tub. Bestbath's soaker offers a deep, comfortable tub with room to stretch out and soak.

AIR/WATER JETS

Bestbath's air/water jet system is tested and proven to provide years of reliable comfort, even with everyday use, and it's all powered by a nearly silent, high-performance pump. Switch between air or water jets with the simple push of a button. Ideal for increasing circulation, relieving joint and muscle pain and tension, or just relaxing with a good book. A perfect opportunity to upgrade your bathroom and your level of relaxation.

MICROBUBBLES

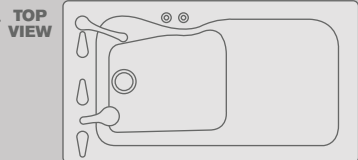

Bestbath's microbubble technology produces bubbles that are only 10 microns in diameter, smaller than your skin pores. These tiny oxygen-rich bubbles gently massage, hydrate and exfoliate your skin, resulting in softer, healthier skin — even if you suffer from psoriasis, eczema or any type of dermatosis. The result is a soothing, revitalizing hydrotherapy treatment. And the quiet, high-performance pump lets you enjoy a spa-like experience in the comfort and privacy of your own home.

THREE SIZES. UNLIMITED POSSIBILITIES.
