OPTIONAL HYDROTHERAPY PACKAGES

Escape 6035 Air and Water Jet System Combination: **6035JETS***

Air and water jet combination upgrade includes: heated air blower with 19 chrome air jets, heat-recycling water jet pump with 7 adjustable chrome jets, and an electric seat heater to warm the seat during filling and draining. Jet systems are controlled with air buttons into one main controller unit requiring only one dedicated 20 amp circuit to power all systems.

Ozone sanitation system* can be added to this package for water recirculation sanitation without additional power requirements.

*P/N: OZONATOR

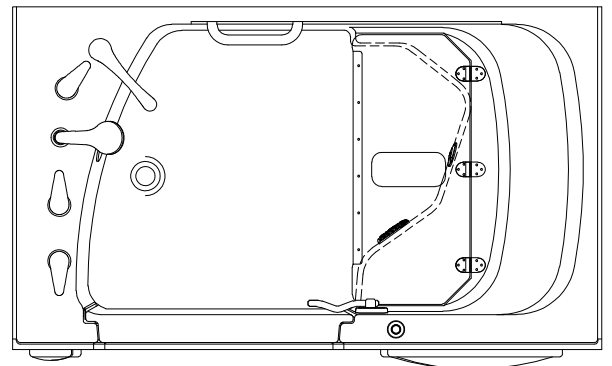

Escape 6035 Microbubble System: **MICROBUBBLES***

Microbubble upgrade includes: microbubble system and an electric seat heater to warm the seat during filling and draining. Microbubble system is controlled with an air button into one main controller unit requiring only one dedicated 20 amp circuit to power the microbubble pump and seat heater.

Ozone sanitation system* can be added to this package for water recirculation sanitation without additional power requirements.

*P/N: OZONATOR

Power requirements for either hydrotherapy upgrade: 120V/20A
