READY TO REMODEL YOUR BATH?

Prime Baths specializes in transforming old, tired bathrooms into refreshing beautiful ones. We can take your bathroom from outdated to outstanding in as little as 1-2 days, with no mess and at a fraction of replacement cost. The products have been manufactured since 1988 providing a proven, durable and beautiful finish that will stand the test of time.

Utilizing new technologies, Prime Baths can also improve a bathroom's safety and accessibility with one of our easy access showers, walk-in tubs, or roll in showers. All products are ADA compliant and customized for the bather's level of mobility.

For the bather who seeks a more therapeutic bathing experience, Prime Baths offers a deep relaxing soaker or whirlpool tub with directional water jets for the ultimate in comfort.

BATHTUBS AND WALL SURROUNDS

QUALITY

Prime Baths is pleased to offer a large selection of five-foot acrylic replacement tubs. These tubs are constructed from non-porous, mildew resistant acrylic that is reinforced with structural foam for improved durability and sound deadening. Our custom formed acrylic wall systems are a perfect fit for any sized bath enclosure and are designed to go from floor to ceiling in a continuous panel. The acrylic surfaces are as easy to clean as spray and wipe and will greatly reduce any maintenance on your bath enclosure. In addition the acrylic will keep your water hot up to four times longer than your existing steel or cast iron tub, making for a much more comfortable bathing experience. For the bather who seeks a more therapeutic bath experience, Prime Baths offers a deep relaxing soaker or whirlpool tub with directional water jets for the ultimate in comfort.

WALK-IN BATHTUBS

SAFETY

Prime Baths has the ideal solutions for the physically challenged and mobility impaired bather. Our safe and accessible bath products are all ADA compliant and customized for each bather's level of mobility. Whether it is a tub to shower conversion, walk-in tub, or roll-in shower, Prime Baths can retrofit an accessible bath solution that will allow you to remain independent while maintaining your personal dignity. You need not sacrifice aesthetics for functionality. Our line of aging-in-place bath products are trendy as well; eliminating the stigma associated with most institutional safety products. In most cases, these baths pay for themselves within 90 days. Call us today for a free in-home consultation with one of our safe and accessible design experts.

SHOWERS

CONVENIENCE

Prime Baths has been manufacturing acrylic shower pans for nearly a quarter of a century. These versatile bath fixtures are produced to meet the highest quality standards in the industry. Whether you desire a standard five foot shower, neo angle, or roll-in shower, Prime Baths has the perfect selection to suit your needs.

GLASS ENCLOSURE DOORS

OPTIONS GALORE

Prime Baths offers the widest selection of enclosures to complete your new bath. From sliding bypass doors to the finest pivot and neo angle doors, Prime Baths has the perfect solution. All Prime Baths doors are contemporary trackless and frameless designs, eliminating the maintenance associated with the cluttered and difficult to clean E-tracks of the past. These doors exclusively feature Invisible Shield which protects the glass for years to come.

HOW IT WORKS:

- 1) Contact the closest Prime Baths dealer.
- 2) Schedule a free no obligation in-home consultation.
- 3) Your custom bath products are then manufactured to your specifications.
- 4) Your bathroom is quickly transformed with a hassle-free installation.

LIFETIME WARRANTY

With Prime Baths, your investment is protected by a lifetime warranty which will give you peace of mind years after your bath has been installed. We warranty our acrylic against discoloration, chipping, peeling, or any other surface imperfection for as long as you own your home. Please ask our design consultant to provide you with a copy of our written Lifetime Warranty Certificate.

MADE IN THE USA

ACCESSORIES

VARIETY

Customize your new tub or shower enclosure from Prime Baths' complete line of unique accessories. Shelves, soap dishes, seats, safety grab bars, hardware- we have the accessories you want to make your new bath system as individual as you are.
