Bathroom Safety

## LESS THAN A DOLLAR A DAY

We use the bathroom every day ... 365 days of each year. We cherish our bathroom time and depart much happier, yet this room is often the most dangerous place in your home. Being proactive with effective product solutions is the key to fall prevention.

For *less than a dollar a day*, you can equip your bathroom with all the necessary products to keep you safe. Make your bathroom happy and safe every day.

## Do You Know the **BATHROOM HOT SPOTS?**

### GET SOME LEVERAGE

### HOT SPOT #1

If you have trouble getting on and off a chair, then you are also having trouble getting on and off a toilet. An elevated toilet seat and hand rails can make all the difference.

### GETTING IN & OUT OF THE TUB

### HOT SPOT #2

Getting in and out of the tub or shower can be tricky, and holding onto the sink or towel rack isn't safe. Using grab bars is a much better solution.

### BATHING INDEPENDENTLY

### HOT SPOT #3

Our tub or shower is our sanctuary, but without the proper safety equipment, this is another bathroom hot spot. Bath seats, hand-held shower heads and bath mats are a must!
